## Digital Tape Measure

Series 216

Mitutoyo's new Digital Tape Measure is a fast and convenient tool for a wide range of length measuring jobs. Its digital readout is displayed on a large, easy-to-read LCD. The zero set button allows the origin point to be set at any time, eliminating the need for manually calculating comparison measurements. The one inch steel blade is also easy to read.

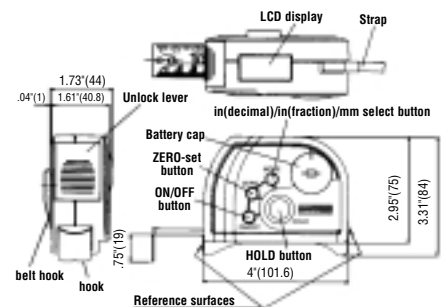

216-380

### Specifications

Order No.	216-380
Model	TD-S551C
Measuring range(L)	216" / 18' / 5.5m
Blade width	1"
Resolution	.01" / 1/32" / 0.1mm
Instrumental error	±0.06" / ±1/16" / ±1.5mm
Scale graduation	Inch: 0-6" 1/32", 6-216" 1/16" / Metric: 1mm
Accuracy of the scale graduation	±(0.2+0.1Lh)mm
Battery	Lithium cell CR2032 (05SAA217)
Battery life	2500 hours
Mass	0.86 lbs. (390g)

nL=Measuring length. (m)

Dimensions: inch(mm)
